

TAFT PRESENTS YACHT PRIZE

Joyette's Crew Receives Cup From President's Hands

RECEPTION ON MAYFLOWER

About 150 Guests on Board for the Ceremony Yesterday Noon—Many of Them Neighbors from the North Shore.

Beverly, Mass., Sept. 10.—The sloop yachtmen, both victors and vanquished, clamored over the starboard rail of the Mayflower, the functionary ship of the national government, yesterday, were received by President Taft and saw the formal transfer of the big silver bowl which bears his name to the owner and crew of the little yacht Joyette, the winner on Tuesday in the final German-American race of these little boats.

It was the second occasion of the sort on the smooth white decks and sumptuous cabin of the modern Mayflower. Three years ago at Oyster Bay, President Roosevelt handed over a cup to the owner and crew of the Vim, the first international sloop champion, and at the same time greeted with considerable enthusiasm the visiting German yachtmen. President Taft yesterday had the pleasure of meeting several of the Germans who were present at the former ceremony, notably Capt. Otto Prosen of the Hevelia, who this year, as well as three years ago, gave the Americans much cause for anxiety by capturing one of the races in the series.

At the head of the delegation which strolled down the long pier headed to the launches, was Vice-admiral Barendsen, the personal representative of the German emperor and chairman of the international sloop yacht committee. With him was Henry Howard, the original instigator of the international sloop contests and a man who has been called the leading yachting diplomat of this country.

VIC POINTER WON.

But the Free for All at Windsor County Fair Was Good.

Woodstock, Sept. 10.—The last day of the Windsor county fair, yesterday drew a crowd of about 5,000 persons, who saw one of the best races in the free for all that has been pulled off in this vicinity for some time. While the race went in straight heats, the horses were well bunched under the wire and the spectators were well satisfied with the result.

Company G of the Vermont National guard was on hand and drilled in front of the grand stand, after which a grand cavalcade of the prize winning stock on the grounds was led past the stand. A wrestling match between Eli Bourdon of Claremont, N. H., and a wrestler of some little note from New York City, was put on during the course of the afternoon, Bourdon winning in straight falls.

The summary of the free for all, the only race of the afternoon, was as follows:

Vic Pointer, M. B. Wheeler, White River, 1 1 1
Rainbow Woodrow, Lebanon, N. H. 2 2 2
Roxie Ann, Burton, White River
Junction, 3 3 3
Time, 2:24½, 2:24, 2:24½.

FIVE HEATS NECESSARY.

To Decide Winner of 2:16 Trot at the Barton Fair.

Barton, Sept. 10.—Fair weather again yesterday brought out a crowd of about 3,000 for the third day's events of the Orleans county fair. The parade of premium stock at 11 o'clock was one of the best ever seen in northern Vermont and was lustily cheered.

The ball game at 10 o'clock was too one-sided to be of great interest. The score of the game:

Innings 1 2 3 4 5 6 7 8 9—R H E
Barton 3 0 1 0 5 1 0 0—10 13 1
Newport 0 0 0 0 1 0 1 0—2 8 4

The races proved to be very good and the 2:20 pace, or 2:16 trot, was closely contested. There were six starters and five heats necessary to decide the race. The Wild West show attractions between the heats were good, and the exhibition of riding, lassoing, etc., pleased the audience.

2:30 Stake Trot.

Purse, \$500.

Constipation Hood's Pills

Morgan's Big Improvement.

It has often been said that a change of scene will benefit a ball player. Anyway, this seems to be so in the case of Pitcher Cy Morgan of the Philadelphia Americans. While a member of the St. Louis and Boston clubs Mor-

gan was anything but a success as a twirler. Since joining Connie Mack's aggregation Cy has pitched splendid ball and now takes his turn regularly in the box. In the first five games he pitched since donning an Athletic uniform he allowed but five runs and twenty hits.

Yesterday's American League Scores.

At Philadelphia, Philadelphia 11, New York 3; batteries, Morgan and Livingston; Hughes and Sweeney.
At Washington, Boston 10, Washington 1; batteries, Page and Donahue; Gray and Street.
At St. Louis, Chicago 1, St. Louis 1 (called on account of rain at end of seventh); batteries, Smith and Payne; Petty and Stephens.
Detroit-Cleveland, postponed, rain.

American League Standing.			
	Won.	Lost.	Pct.
Detroit	83	46	.644
Philadelphia	80	49	.621
Boston	78	55	.580
Cleveland	68	64	.515
Chicago	68	63	.512
New York	58	79	.420
St. Louis	52	75	.408
Washington	34	95	.263

Yesterday's National League Scores.

At New York, New York 6, Brooklyn 5; batteries, Crandall and Crandall; Meyers; Seaton, Rucker and Marshall.
At Pittsburgh, Pittsburgh 3, Cincinnati 1; batteries, Adams and Gibson; Fromme, Rowan and Roth.
At Chicago, Chicago 2, St. Louis 1; batteries, Overall and Archer; Lush and Phelps.
At Boston, Philadelphia 3, Boston 0; batteries, Moore and Doolin; Riehl and Graham.

National League Standing.			
	Won.	Lost.	Pct.
Pittsburgh	61	36	.627
Chicago	51	41	.556
New York	49	49	.500
Cincinnati	45	61	.426

Brooklyn	45	82	.354
Boston	34	93	.267

Base Ball Notes.

For five consecutive seasons the Cubs have had the same infield.

The betting is 2 to 1 in Pittsburgh that the Pirates will land the pennant.

Yoko, the Senators' recent addition from Texas appeared for the first time Wednesday and made a very good showing.

The Boston American league and the New York National league managements are trying to arrange for a post season series of games between the Red Sox and the Giants, providing both teams finish in third place.

Up to the first of September five pitchers of the American league are credited with one hit games. They are, Mullin, April 14 against Chicago; Condon, Boston, Philadelphia, April 22 against Boston; Joss of Cleveland, June 8 against the Athletics; Walsh of Chicago, June 20 against Cleveland; and Smith of Chicago, July 18 against Washington.

On Monday at Lyndonville the Lyndonville ball team defeated the St. Johnsbury team in a very fast game which went thirteen innings. The score was 3 to 1. Thomas, the Lyndonville pitcher allowed 5 hits and struck out 20 men while Laird, his opponent allowed 6 hits and struck out 16 men.

MONEY FOR DARTMOUTH.

Mary Hitchcock Hospital Also Receives Bequest.

Boston, Sept. 10.—The trustees of Dartmouth college were given \$50,000 for the construction of a memorial building, the corner stone of which was laid at the time of the Webster centennial, by the will of Stephen M. Crosby, of 364 Marlboro street, this city, which was filed yesterday with the registrar of the Suffolk county probate court.

AROUSING THE DEMOCRATS

New York Leaders Move for Rejuvenation

BIG GATHERING PROMISES

Interesting Developments—"True Interests" of the Party to Be Promoted. Organization Leaders Not Invited to the Conference.

Saratoga, N. Y., Sept. 10.—Democracy's proposed rejuvenation, undertaken by a committee of Democrats who are not in accord with the party's present management in New York state, promises interesting developments during the conference which began a session of two days here yesterday.

The organization leaders were not invited, although those instrumental in bringing about the conference declared that the gathering was not against the present party organization or against any leader, state or national.

Rather, they say, its purpose is to forward the true interests of the Democratic party and eventually put the state again in the Democratic party.

With such men as Alton B. Parker, former chief judge of the court of appeals and Democracy's presidential candidate in 1904; ex-Justice D. Cady Herrick, who ran for governor the same year; Edward M. Shepard, public service commissioner; Thomas H. Osborne of Auburn, ex-Justice Morgan J. O'Brien, Augustus Van Wyck, District Attorney Jerome of New York and other well known Democrats in attendance, the outcome of the conference, it is hoped, will mark an important epoch in the party's history in the empire state.

The early morning trains brought scores of representatives from various counties and the corridors of the United States hotel buzzed with animated discussions during the forenoon.

The executive committee which met Tuesday night to perfect the conference plans continued its session yesterday.

The gathering was called to order in the town hall by Samuel J. Tilden, Jr. The reading of the call was by Secretary F. A. Willard of the executive committee. This was followed by the election of Judge Parker as temporary chairman and an address by that gentleman. Then came the selection of Edward M. Shepard as permanent presiding officer and Mr. Shepard's speech sounded the keynote of the conference.

Morgan J. O'Brien will lead the committee on resolutions upon which will fall the work of formulating a declaration of principles. Much interest centers in the outcome of their deliberations, as it is well known that there is a division of opinion on the question of income tax, direct nominations and other policies under discussion. At last night's session of the conference the tentative program called for speeches by Justice Herrick of Albany, Augustus Van Wyck of New York and John Saxton of Buffalo.

TO RECOVER \$100,000.

Cashier Sues New York Stock Broker.

New York, Sept. 10.—Judge Holt in the United States circuit court yesterday overruled a demurrer interposed by Lewis A. May and William B. Sommer-

ville, of the firm of Lewis A. May & Co., stock brokers, to an action for an accounting brought by Eugene F. Enslin, cashier of the Jefferson county savings bank at Birmingham, Ala. Mr. Enslin seeks to recover \$100,000 alleged to be due him as his share of the profits derived by the brokerage firm from the purchase of the stock of the Haight & Freese company in 1903. Enslin, who was a member of the firm of Lewis A. May & Co., estimates the profits of the sale at \$200,000. The defendants are given twenty days to file answer to Enslin's complaint.

Mrs. Duke Sent to Insane Asylum.

Chicago, Sept. 10.—Alice Webb Duke, divorced wife of Brodie L. Duke, the tobacco magnate, was committed to the asylum for the insane at Kankakee, Ill., here yesterday. But ten minutes were required to impress the jury with the need of restraint of and treatment for her.

A HAIR DRESSING

That Is Guaranteed to Make Women's Hair Lustrous and Beautiful, or Your Money Back.

Women of culture want a perfect hair dressing; one that is delicately scented and that will make the head feel better the minute it is put on. They want a dressing that is not sticky or greasy.

And above all, they want a dressing that will kill the dandruff and itching scalp, and that will stop falling hair and itching scalp.

Parian Sage, now sold in America, will do all these things, or money back. That's the offer The Red Cross Pharmacy makes after investigating the merits of Parian Sage.

A large bottle only costs 50 cents, and leading druggists everywhere sell it. The girl with the unmanageable hair.

"Parian Sage" kills the scalp and hair of dandruff, makes the growth of hair profuse, and leaves a silky, fluffy, luxuriant appearance. We are glad to endorse the use of Parian Sage."—John Noll, 31 16th street, Washington, W. Va.

Parian Sage keeps the head cool in summer, and drives away disagreeable odors arising from perspiration.

COLD-BLOODED POLE DECISION

Promised by the Geodetic Survey if Dr. Cook

SUBMITS HIS PROOF

An Offer from Official—Peary's Data Goes to Washington as a Matter of Course—The Doctor Has an Equal Chance.

Washington, Sept. 10.—In discussing the Peary-Cook controversy yesterday and announcing that the geodetic survey would examine the evidence of each explorer and pass on the matter, Mr. Perkins said:

"It is a delicate matter to decide the claims in such an important case, but our men are scientists and would be impartial, not to say coldblooded, in such an investigation as it would be necessary for them to make in arriving at the comparative merits of the two men. Moreover, I believe," he continued, "that any conclusion arrived at by the survey would be accepted as controlling."

Mr. Perkins admitted that he had received a suggestion looking to such action by the survey, and while saying that the bureau would be willing to undertake the task of arbitration, he had noticed that Dr. Cook had expressed his intentions of referring his claim to the university of Copenhagen.

"He could scarcely do better," said Mr. Perkins. "The Danes are a seafaring people, and for centuries have been engaged in arctic exploration. Their scientific men would be peculiarly adapted to an inquiry of this character, and I believe that any results arrived at by the university would be accepted as conclusive."

Mr. Perkins said, however, that even if the university should review Dr. Cook's work the coast and geodetic survey would be willing still later to compare the doctor's notes with Commander Peary's. The subject, he said, was one of such importance that the world wanted to know the exact truth and too much pains could not be taken in settling the dispute. He expressed the opinion that the work could be concluded within a month after the notes were submitted.

The coast and geodetic survey is just waking up to the fact that Mr. Peary's achievement is destined to bring fame to it. "We realize," said Mr. Perkins, "that Mr. Peary has accomplished a great work and the survey is really pleased to be identified with it. Especially is this true because of the fact that Mr. Peary began his official career in connection with this survey."

He then referred to the records to show that soon after graduating from college in 1877, Mr. Peary attached himself to the survey, remaining with that institution for about two years.

Mr. Perkins expressed confidence that the experts of the survey would be able to detect any false notations if made in either of the reports. He said that the survey had been called upon frequently to review reports of expeditions and on more than one occasion had detected the fact that they were "doctored."

"We should not enter upon the work expecting to find intentional error in either report, but would merely go after the truth, and I have no doubt we should find it."

SAYS HE CLIMBED MT. MCKINLEY.

Ed Burrill, in Montana, Will Make Affidavit in Due Time.

Hamilton, Mont., Sept. 10.—Ed Burrill, just returned from Ritter Root mountains, says he and Dr. Cook were the only ones who made the climb on Mount McKinley in 1905.

He refuses to make any statement except to say that when Dr. Cook gets to this country he will go before a notary and make a sworn statement regarding his association with the explorer.

TAFT TRYING TO COMPROMISE.

Plan to End Ballinger-Pinchot Controversy.

Washington, Sept. 10.—Secretary of the Interior Ballinger has returned to Washington from Beverly and though not in good health, was at his desk. He had nothing to say as to the Glavis charges except that any statement would have to come from the president. He said he would remain here about ten days and then go West to look into department matters and that he would join the president at Denver and go with him on part of his western trip. Friends of Mr. Ballinger are pointing to this as evidence that the president will maintain him. On the other hand, it is learned that Clifford Pinchot will also be with the president in the West and will go with him down the Mississippi beginning Oct. 12. Mr. Pinchot's friends say positively he will stay. Various signs point to an effort on President Taft's part to compromise the difficulty.

NEW SOURCE OF MEAT SUPPLY.

Packers Are Looking at Caucasus and Western Siberia.

St. Petersburg, Sept. 10.—Representatives of Chicago packing firms are at present in St. Petersburg investigating the possibilities of the Caucasus and western Siberia as a source of meat supply. The Caucasus area is yet an untouched field, although great quantities of sheep are available there, and the present beef shipments from Siberia are made in the most primitive fashion. The project involves the construction of freezing plants and the organization of a refrigerator car service.

CURTISS MAKES FINE SHOWING.

American in Trial at Quick Starting Leaves Ground After Run of 90 Yards.

Brescia, Italy, Sept. 10.—Aeroplane flying was continued here yesterday in the various contests, including the grand prix, the 50 kilometre (31.05 miles) race and the "quick starting" race. Curtiss, the American aviator, crossed the line for the grand prix to avoid penalization. He also took part in the "quick starting" event, leaving the ground 90 yards from his starting point and covering the distance in the prescribed time. This prize was to be given to the aviator starting within 60 yards but if no contestant fulfills this condition the distance will be extended to 100 yards. In this event the prizes will go to Curtiss, Goddard, Bleriot, president of the American Aero club, asked M. Bleriot the French aviator, yesterday to go to America. Bleriot said he could not accept as he had engagements up to the last of December.

Curtiss has accepted an offer from Chicago to fly in that city if a sufficiently large field for the manoeuvring of his aeroplane can be secured. The offer comes from a Mr. Riley.

STRIKERS GO BACK.

Steel Car Men Resume Work at Pittsburgh.

Pittsburgh, Pa., Sept. 10.—Over 3,000 men were at work in the plant of the Pressed Steel Car company yesterday. Over 1,000 strikers were waiting their chance to enter the company's office and secure their old positions. By Saturday morning the entire force, numbering over 5,000 men, will be back at work.

Early yesterday all of the imported men, estimated at 800, were marched from the mill to an Ohio river steamer and taken across the river to Bellevue, where they were placed on trains for Chicago and New York. It is expected that the state troops and other armed guards will be withdrawn by Saturday.

DUTCH CRUISER HERE.

Arrives For The Hudson-Fulton Celebration.

New York, Sept. 10.—The Dutch cruiser Utrecht, detailed by the Dutch government to represent Holland at the forthcoming Hudson-Fulton celebration here, arrived by post yesterday from Curacao, Dutch West Indies. The Utrecht, which is the first of the warships assigned as official representatives by the various foreign nations participating in the celebration to reach New York, has aboard a picked crew, the members of which will man the reproduction of Hudson's vessel, the Half Moon. The second officer, Lieutenant Lamus, will impersonate Hudson during the celebration.

Berlin, Sept. 10.—Admiral Von Koenig will sail for New York Sept. 12 on the steamer Blucher. He is the imperial delegate to the Hudson-Fulton celebration, and will take command of the German squadron at New York.

SAW WRIGHT FLY.

And German Crown Prince and Princess Congratulated The Aviator.

Berlin, Sept. 10.—Crown Prince Frederick and the crown princess visited the Templehof parade ground early yesterday to see Orville Wright fly. The royal visitors talked with Mr. Wright and his sister, Katherine, asking many questions.

Mr. Wright made a flight of 20 minutes in a strong wind. When he descended, the crown prince and his wife congratulated him. Mr. Wright then went up again with a passenger, Captain Engelhardt, his German pupil, and remained in the air 15 minutes.

Mr. Wright will continue his public flights this afternoon.

ROMANCE AT END.

\$700,000 Convict's Wife Abandoned Him The Day He Confessed.

Chicago, Sept. 10.—The short-lived romance of Peter Van Vlissingen, self-confessed forger to the amount of \$700,000, has reached its last chapter. His wife, Jessie Blend Van Vlissingen, once his stenographer, has filed suit for divorce. The bill sets forth simply that plaintiff was married to Van Vlissingen Feb. 4, 1907, and that they separated Nov. 15, 1908—the day Van Vlissingen confessed his forgery and was tried, convicted, and sent to Joliet penitentiary all in two hours.

Mrs. Van Vlissingen's only charge is that the defendant has been convicted of a felony. This under the Illinois statutes is sufficient ground for a divorce.

ARREST IN MILLMAN MYSTERY.

Detroit Physician Held as Suspect in Murder Case.

Detroit, Mich., Sept. 10.—Sheriff Gaston received word from Postmaster Prentiss that Ann Arbor early yesterday revealing the name of a young man in Detroit who sent a letter to Miss Mayhew Millman, whose mutilated body was found in Ecorse creek. The man now sought, the sheriff and Captain of Detectives McDonald aver, will surely be apprehended. His name was immediately connected with the case last night following the apprehension of Dr. George A. Fritch, who is held at police headquarters as a suspect.

PRESIDENT OF THE BRONX.

John F. Murray Unanimously Elected by The Aldermen.

New York, Sept. 10.—Commissioner of Public Works John F. Murray was yesterday elected president of the borough of the Bronx by the aldermen from that borough assembled to choose a successor to Louis F. Haffen, recently removed from office by Gov. Hughes. Mr. Murray's selection was unanimous.

German Woman Gives All For American Girl Chum.

Berlin, Sept. 10.—Miss Marie F. Montgomery of Corpus Christi, Texas, died in Berlin yesterday of heart and lung trouble. Miss Montgomery was here studying the violin.

Her only friend in Berlin was a German woman, Miss Mueller, who played her own violin, her jewelry, and her clothes, and lived on the verge of starvation in order to send her dying American friend to a hospital.

MONTEREY IS IN DIRE NEED

Awful Situation in Stricken City

PEOPLE FACE STARVATION

And Pestilence—Loss of Life from Flood Placed at 3,000—City Neglected by the Nation in Other Excitements.

Washington, Sept. 10.—Crowded away from public attention by the excitement incident to the discovery of the north pole, the poor stricken city of Monterey has been allowed to suffer through the national neglect of Mexico's big northern brother.

According to dispatches received at the state department from United States Consul General Philip C. Hanna, the distress at Monterey is worse than that which followed the destruction of Johnstown. The loss of life, from the latest figures, surpassed even that of the great Pennsylvania catastrophe of a generation ago.

Meanwhile, the American society of the Red Cross, the distributing agency of national sympathy in concrete form, has been able to send less than \$400 to relieve the distress. The officials are considering a second call for aid. The Mexican Red Cross, by no means a well organized association, has been struggling with the horrible situation at Monterey and with the starvation and pestilence subsequent to the great flood.

The present contribution to the Red Cross work is the smallest ever obtained by the American Red Cross. Never before have the American people so signally failed to come to the rescue of the suffering. Consul General Hanna's latest dispatch puts the loss of life from the flood at 3,000.

REYES' COMING STIRS MONTEREY.

Arrival of General at Home City Gives Political Situation Serious Turn.

Monterey, Mexico, Sept. 10.—Gen. Bernardo Reyes arrived in this city last night, coming direct from El Porvenir on horseback accompanied by about six persons, including his aides and the mayor of Monterey, Dr. Pedro C. Martinez, who rode out to meet him. With his arrival the political situation grows more serious. He went directly to his home here and denied himself to all callers. Gen. Reyes plainly showed the fatigue of his journey.

No reception was given the general on his arrival after an absence of two months from the city and only a few people knew that in the small cavalcade which passed up Hidalgo street was the governor of the state of Nuevo Leon.

A year ago Gen. Reyes, returning from an absence of such length would have been welcomed by federal troops, with bands playing, city illuminated, and throngs of people on the line of march. On good authority it is stated that Gen. Reyes has resigned his post as governor and the meeting of the legislature is awaited for action on this.

Programmes issued for the observation of the national holidays on the 15th and 16th of this month state that the then governor will make the usual speeches and lead the hurrahs of independence. An undercurrent of excitement prevails in the city which has not been suppressed by the terrible flood of two weeks ago, and the question of politics, it is declared, has even entered the ranks of the relief committee.

MODUS VIVENDI CONTINUED.

Delayed Until Proceedings at The Hague.

London, Sept. 10.—The British government has agreed to a continuance of the Newfoundland modus vivendi until the conclusion of the arbitration proceedings at the Hague.

The modus vivendi referred to in the above despatch is between the United States and Great Britain and concerns the herring fisheries in Newfoundland waters, a question that has agitated American and Newfoundland fishermen for years. The controversy will be submitted to the Hague tribunal probably in April of next year.

SEA OTTER HUNTER BARRED.

Revenue Cutter's Action Causes Protest.

Victoria, B. C., Sept. 10.—Word has been received by the Victoria Sealing company that the sealing season Thomas F. Hayward, which was in Bering sea hunting for sea otter, was ordered by a United States revenue cutter to depart. As hunting for sea otter is not prohibited, protest will be made to Ottawa, with a view to having representations made to Washington.
